

Embedded Software Training Tracks (March - April 2010)

Code	Course Name	Delivery Date	Days	Fees	Instructors	Prerequisites
------	-------------	---------------	------	------	-------------	---------------

K5. RTOS Track

K 5A	Basics Course RTOS Basics Multitasking Programing in RTOS	22,23 March 2010	2	500	Eng. Amr Ali Eng. Waseim Hashim	Good C knowledge
K 5B	Advanced Course μ C/OS-II the RTOS Porting μ C/OS-II to ARM Processors (S3C2410x)	24,25 March 2010	2	500	Eng. Amr Ali Eng. Waseim Hashim	K5A

K1. Embedded Linux Track

K 1A	Basics Course Embedded Linux Basics Embedded Linux Kernel and Device Driver Embedded Linux Application Development and	28,29,30 March 2010	3	750	Eng. Waseim Hashim Eng. Amr Ali	Good C knowledge Desktop Linux knowledge
K 1B	Advanced Course Porting Linux Kernel 2.6 Initialization Porting Device Drivers For Linux 2.6	31 March , 1 April 2010	2	500	Eng. Waseim Hashim Eng. Amr Ali	K1A

K4. Embedded Multimedia Track

K 4	Embedded Audio Processing Embedded Video Processing	11,12,13 April 2010	3	750	Eng. Azza Kamal Eng. Waseim Hashim	K5A Good C knowledge
------------	--	----------------------------	----------	------------	---------------------------------------	-------------------------

K6. Embedded Networking Track

K 6	Basics of Embedded Networking Embedded Web Server	14,15 April 2010	2	500	Eng. Mohamed Abdel- Eng. Amr Ali	K5A Good C knowledge
------------	--	-------------------------	----------	------------	-------------------------------------	-------------------------
