

## **Horizon 2020 Information Day Collaboration and Partnering for 2015 Calls**

**25<sup>th</sup> December 2014**

**ITIDA Premises, Building 121, Ground Floor Theatre,  
Smart Village**

### **Event Highlights:**

- H2020 is the new EU framework program for research and innovation. It is considered to be the largest EU research and innovation program ever with nearly €80 billion of funding available over 7 years (2014 to 2020). At the heart of the H2020 is the Information and Communication Technology (ICT) component with a considerable funding portion of the overall framework budget.
- The main objective of this event is to discuss the funding opportunities for the Egyptian ICT community including enterprises, universities and research institutes. The event will cover the upcoming calls in 2015 in different research areas related to ICT including :
  - Advanced Computing
  - Future Internet and Cloud Computing
  - Energy Efficiency Research and Innovation
  - Content Technologies and Information Management
  - Robotics
  - Micro- and Nano-electronic Technologies, Photonics
  - ICT Cross-Cutting Activities
  - Advancing Active and Healthy Ageing
  - Integrated, Sustainable, Citizen-centered care
  - Smart Cities and Communities
  - Secure Societies
